INSIDER TIPS

- Located in Petén Province, visit the UNESCO World Heritage Site of Tikal National Park. Along with centuries of Mayan history, the park is famed for its rare animals including pumas, ant eaters, snakes, monkeys and many species of birds.
- The largest indigenous market in North America, stop at Chichicastenango for handicrafts, flowers, pottery and colorful textiles made by Quiché Mayans. Plus, sample local fruits, veggies, juices, Guatemalan coffee, handmade tortillas and more.
- Taste the national dish, pepián. Thick and exotic, this stew is influenced by the Spanish and local palates and features slow-cooked meats, onions, tomatoes, poblano peppers and potatoes, thickened with seeds and nuts including peppercorns, pumpkin seeds and cumin seeds. This hearty dish is served with rice and corn tortillas.
